PITCHING STARTUPS

BUMA Marketing	We support Ukrainian entrepreneurs and small to medium-sized businesses entering the UK market. As a British–Ukrainian, all-in-one go-to-market agency, it delivers comprehensive services spanning marketing strategy, market research, and financial and legal consultations.	Olena Kharchenko Natalia Molchanova Nataliia Lytvynova Elenaigkh@gmail.com
Cybrina Cybersecurity	A real-time cyber crisis co-pilot for AI-enabled businesses, providing instant, team-wide guidance during incidents. Built on legal, compliance, and crisis-communications expertise and reinforced by Ukraine's cyber-resilience capabilities, it protects stakeholders and safeguards reputation.	Julia Petryk Anna Velykoivanenko Olena Sergieieva julia@calibrated.agency
FeelReel Wellbeing and Entertainment	A mood-based movie recommendation platform that supports emotional wellbeing. Its AI- and EQ-driven system guides users toward content that comforts, uplifts, or helps them reset, while fostering a supportive community that reduces loneliness.	Olia Bunesku Dmytro Petrukho Nikolay Babych Oleksandr Sivets Maria Loza hello@feelreel.io
Finbox AI Financial Technology	An easy-to-use financial modelling SaaS platform that helps early-stage founders turn business ideas into models. It combines an intuitive, human-like AI chat with the Finbox Engine, which calculates financial models and generates reports for planning or fundraising..	Artem Sagdiiev Anna Velykoivanenko Vadym Shafinskyi Natalia Molchanova sagdiev@gmail.com
Green Vision Biotech Design	An innovative biotech indoor air filter using living moss to reduce CO ₂ and purify indoor air, enhancing productivity, strengthening brand image, and creating a more attractive environment for clients.	Kateryna Banit Maryna Lavrenko Maryna Malomuzh kati.banit@gmail.com
Huless Defence Technology	A Ukrainian defence-tech startup producing battle-proven tethered drones for long-range communication, SIGINT, and jamming, plus autonomous navigation solutions for unmanned ground vehicles.	Vadym Burukin Vadym Shafinskyi vadym.burukin@huless.com
String World Art Technology	Custom string-art portraits created through a purpose-built machine, replacing hours of manual work and transforming a handmade hobby into ready-to-hang, personalised, meaningful gifts.	Vlad Levytskyi Dmitry Kovpak Taras Nikitenko Oksana Chaiun designer@string-world.com
Setmindset Personal Branding	A personal branding platform that blends intelligent content strategy with human expertise, enabling entrepreneurs to build authentic, consistent brands faster while preserving their unique voice, and helping agencies deliver stronger results more efficiently for their clients.	Didenko Yelyzaveta annet.vl.uk99@gmail.com
Strix Defence Technology	A universal autonomy platform that transforms almost any tactical drone into an intelligent, jam-resistant system. By replacing stressful manual piloting with real-time AI navigation and object tracking, STRIX boosts mission success for defence and security drone operators.	Oleksandr Balanenko vihola@protonmail.com
Trembita Defence Technology	The next generation of humanitarian demining technology (MULTI-RTK) is built for tough, real-world conditions, remaining stable and functional even under jamming or offline. It acts as a quality control system by recording every action for complete transparency.	Anastasiia Kudinova Volodymyr Kudinov Mykola Kuzmin Nataliia Evgrafova Levon Gevorgyan https://trembita.pro/en/

Remember to vote for your favourite pitch to win the Audience Choice Award

Please, make sure you see all startup pitches before casting your vote. The startup with the most votes will win the 'Best Showcase' nomination and a cheque at the end of the event.
